F o r e w o r d

Because we thought you'd like to remember the pep rallies and the sensations of being young and alive this year, we caught, for a moment, images and recorded them in print. It hasn't all been great. There have been some bad times but there have been some wonderful ones, too. Some of us are smart; some are not so sharp; some are enthusiastic; some simply bored; some athletic; some poetic; but beneath it all - for a while - we were Pirates, which, after all, is the connection between you and me.

Co-Editors:
Rhonda Peoples
Marsha Morton

Appreciation

"It is my wish that each student who attends Pearl-McLaurin High will be a better person when he leaves than he was when he came."

Our attendance center principal, Mr. E. L. Perritt, looks upon each student as an individual with potential. He takes time to help each student realize and develop this potential.

It is in this endeavor as in all other areas under his guidance and influence that Mr. Perritt is a successful and respectful attendance center principal.

MR. HILL - Upper Elementary Principal.

PRINCIPALS, FRONT ROW: Mrs. McLaurin - Pearl Elementary; Mrs. Keary - Lower Elementary; Mrs. Gill - Northside Elementary; Mr. R. L. Beaty - High School. BACK ROW: Mr. E. L. Perritt - Attendance Center Principal; Mr. Arnold - Assistant Principal in charge of Transportation; Mr. Haddock - Junior High.

We Dedicate

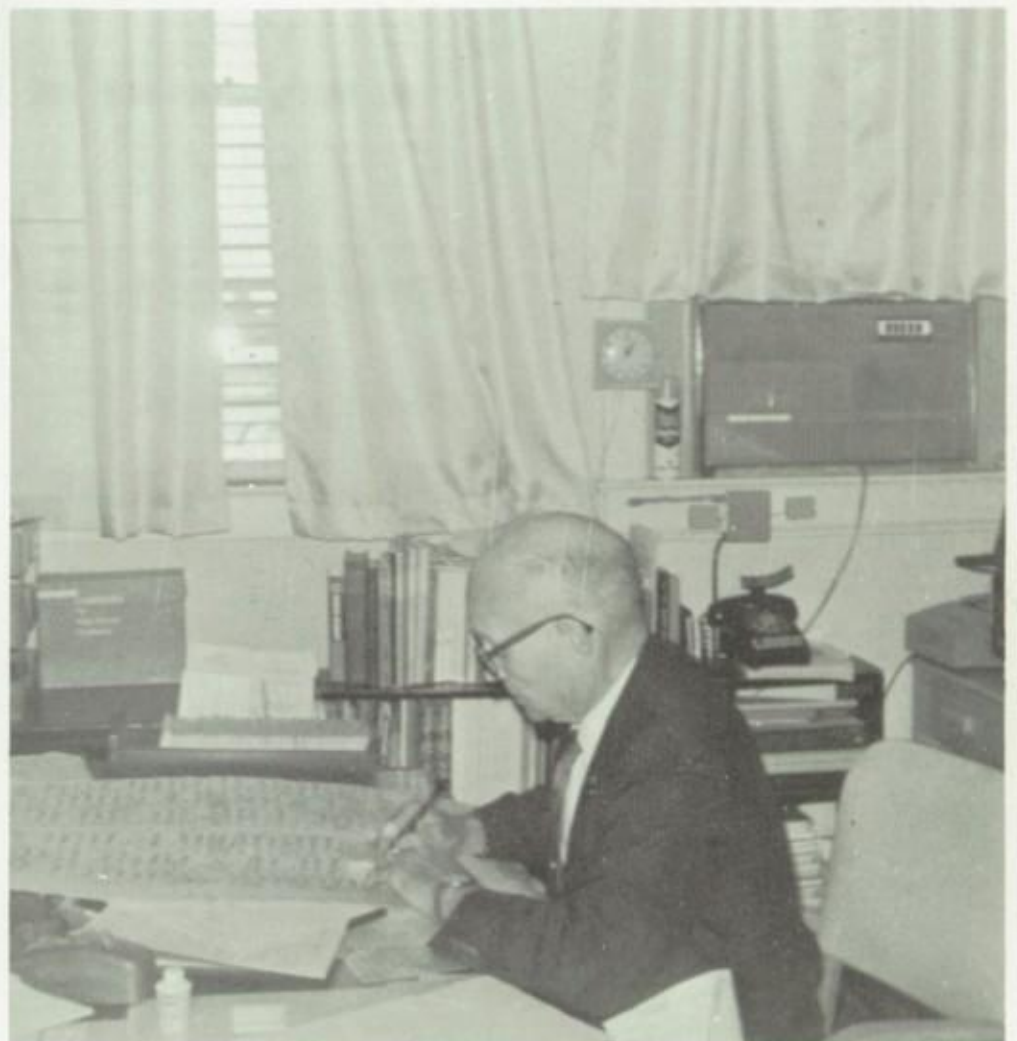

This Pirate to Mr. Leabert Wren

Because he has worked for and with us, because he has given generously of his time and wisdom - words are a poor substitute with which to express our sincere respect for this man.

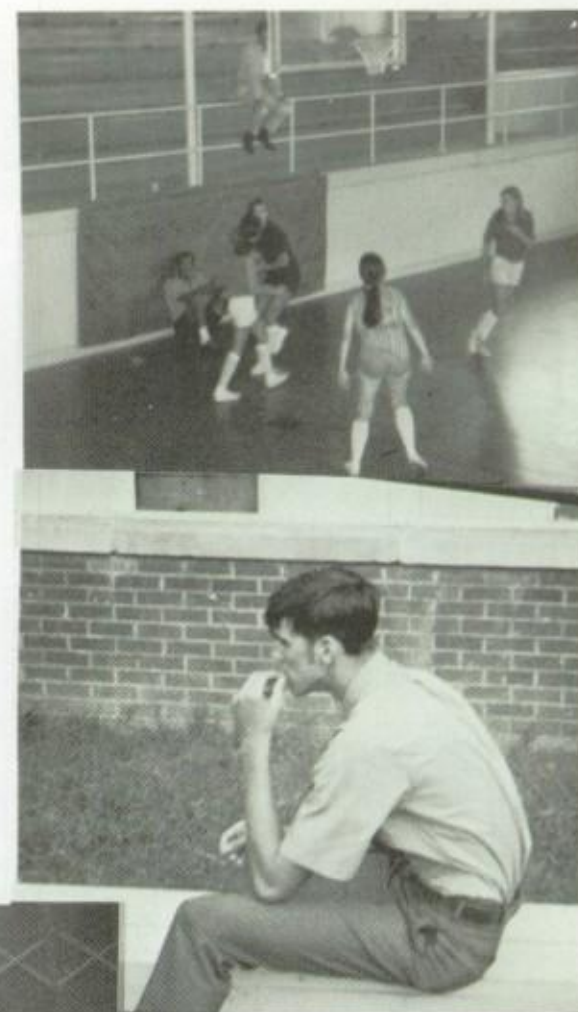

Everyone respects this teacher and looks to him for advice and help. He is never too busy to stop and talk with a student or to help the school in any way he can.

In appreciation for such devoted service the Annual Staff proudly dedicates the 1971 PIRATE to Mr. Leabert Wren.

Progression

Since the beginning of high school we have looked forward to graduation. We have passed through three major phases - the silly sophomores, the jolly juniors, and finally the dignified seniors. In the next pages we have tried to show a bit of each. See if you can't remember and cherish the time spent in each of these phases. This is just one of the few progressive steps we take to reach responsible adulthood.

Progress Is Crossgates

Progress is defined as a forward movement or a gradual betterment. Life itself is a series of progression and we only fail when we slip backward or come to a standstill.

We, at Pearl-McLaurin are justifiably proud of the progress that we have made. It shows in every phase of our school from athletics thru curriculum. We know with a deep certainty that we will always go forward in all our endeavors ever striving for the betterment of our school.

Administration

The success of any undertaking is directly related to the desire and ambition of its members, promoted through the co-operation and understanding of each individual involved.

The success of an educational institution can be measured only by the quality of its product. It has been our desire to promote the best in each individual, while decreasing the number and magnitude of our faults. We hope that, in the years to come, we will all be better and stronger because of our association together.

We appreciate the material development of our school facilities made possible by the community as a whole.

We sincerely appreciate the splendid leadership being assumed by our local board, patrons, students, teachers and administrators.

It is our prayer, that in later years as we turn back through this annual we will be able to say as individuals that we all made contributions to a successful school year in 1970-71.

1971 Pirate

Marsha Morton

Intelligence, dependability, and hard work are all part of Marsha. She has been an active member of Beta Club for three years. This year she is serving as co-editor of The Pirate and as vice-president of F.T.A. Last year when she worked with Junior Achievement, Marsha was chosen Secretary of the Year. This year Marsha was elected Most Likely To Succeed.

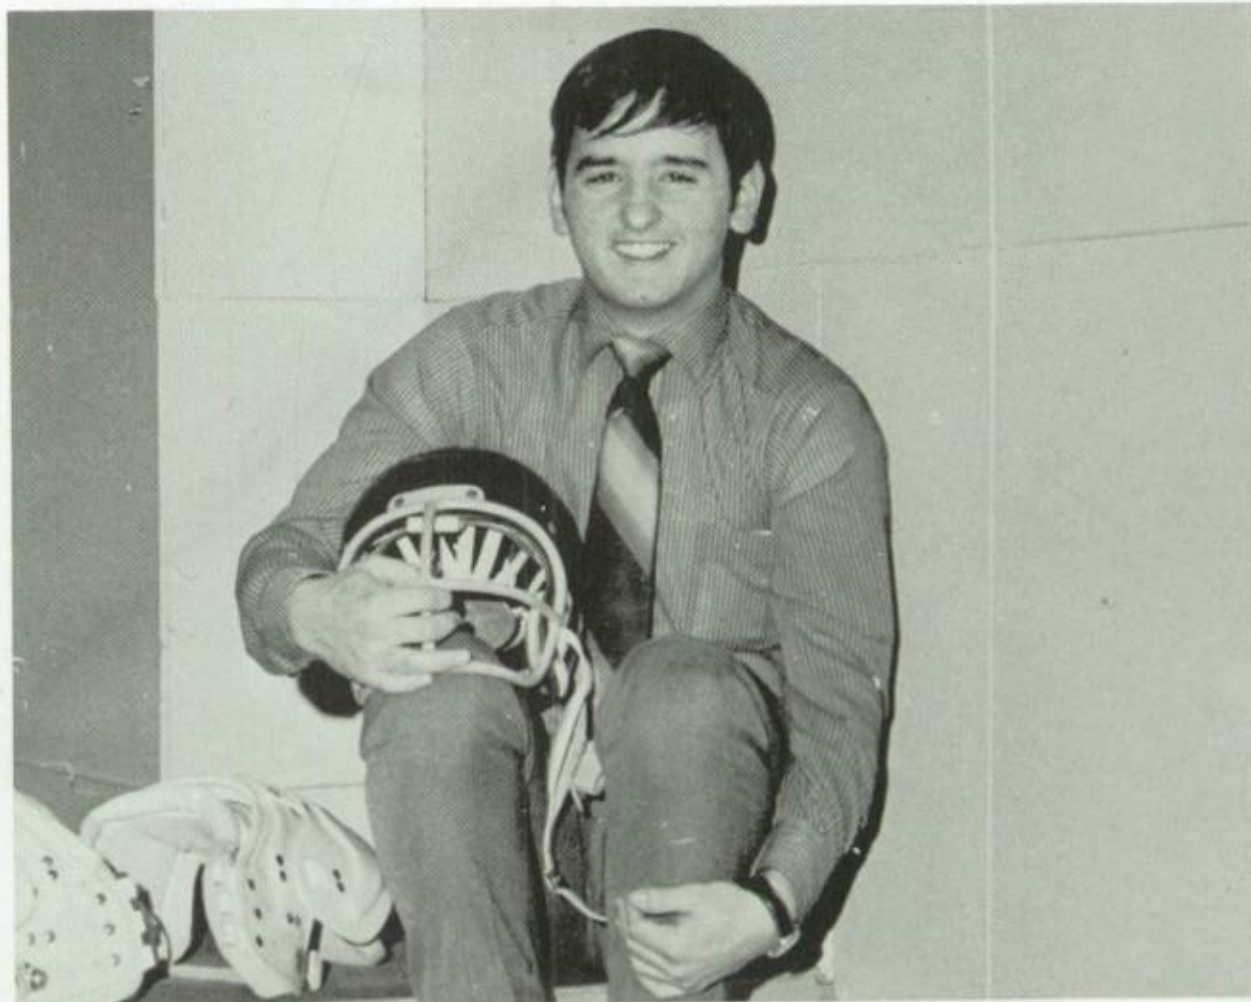

In recognition of her hard work, we are proud to add Marsha to the HALL OF FAME.

Jack West

Holding positions of responsibility is nothing new for Jack. He has served on the Student Council and attended Youth Congress for three years. Jack has been president of the sophomore class, of the junior class, and of the student body. He has also attended the Little Dixie Confederation of Student Councils. In the Who's Who, he received the honors of Mr. PMHS and Most Likely To Succeed.

We proudly add Jack to the HALL OF FAME.

Hall of Fame

Charles Freeburgh

High school years have always been very rewarding for Charles. He has been a member of Beta Club for three years and is presently serving as president of the local Beta Club and vice-president of the State Beta Club. Charles has attended Youth Congress for the past three years. After placing in the local science fair, Charles went on to the State Science Fair.

With great respect, we add Charles to the HALL OF FAME.

Betty Wann

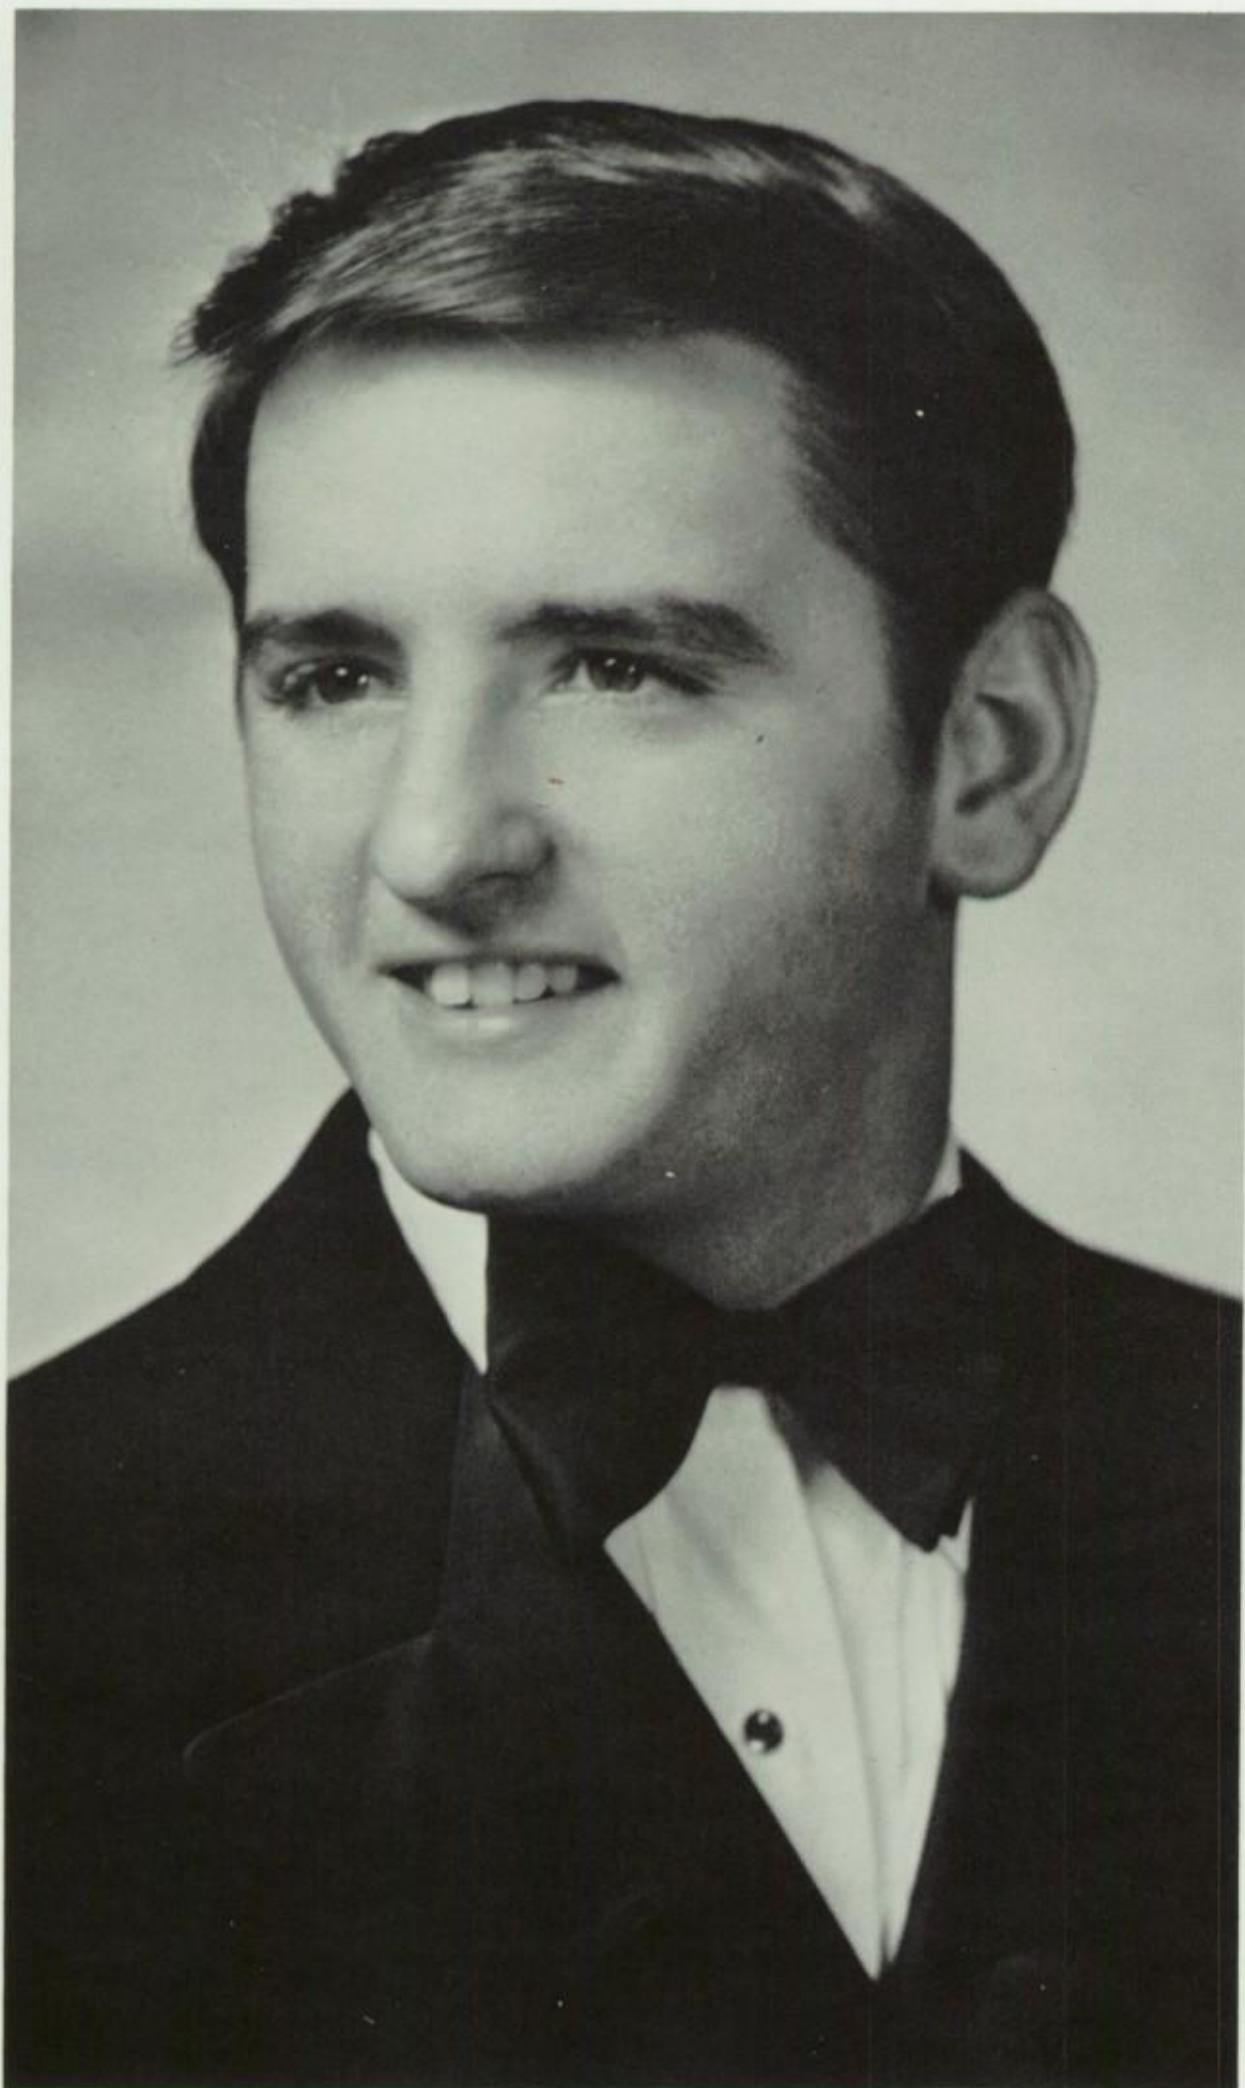

Betty will always be remembered as an active leader in everything. She has served as cheerleader for two years. This year it was as head football cheerleader. Betty has always been active in Student Council and in the band. In her junior year, she served as secretary for her class and as reporter for the student body. She also attended the Little Dixie Confederation of Student Councils and Girls' State at Belhaven. This year Betty is vice-president of the student body.

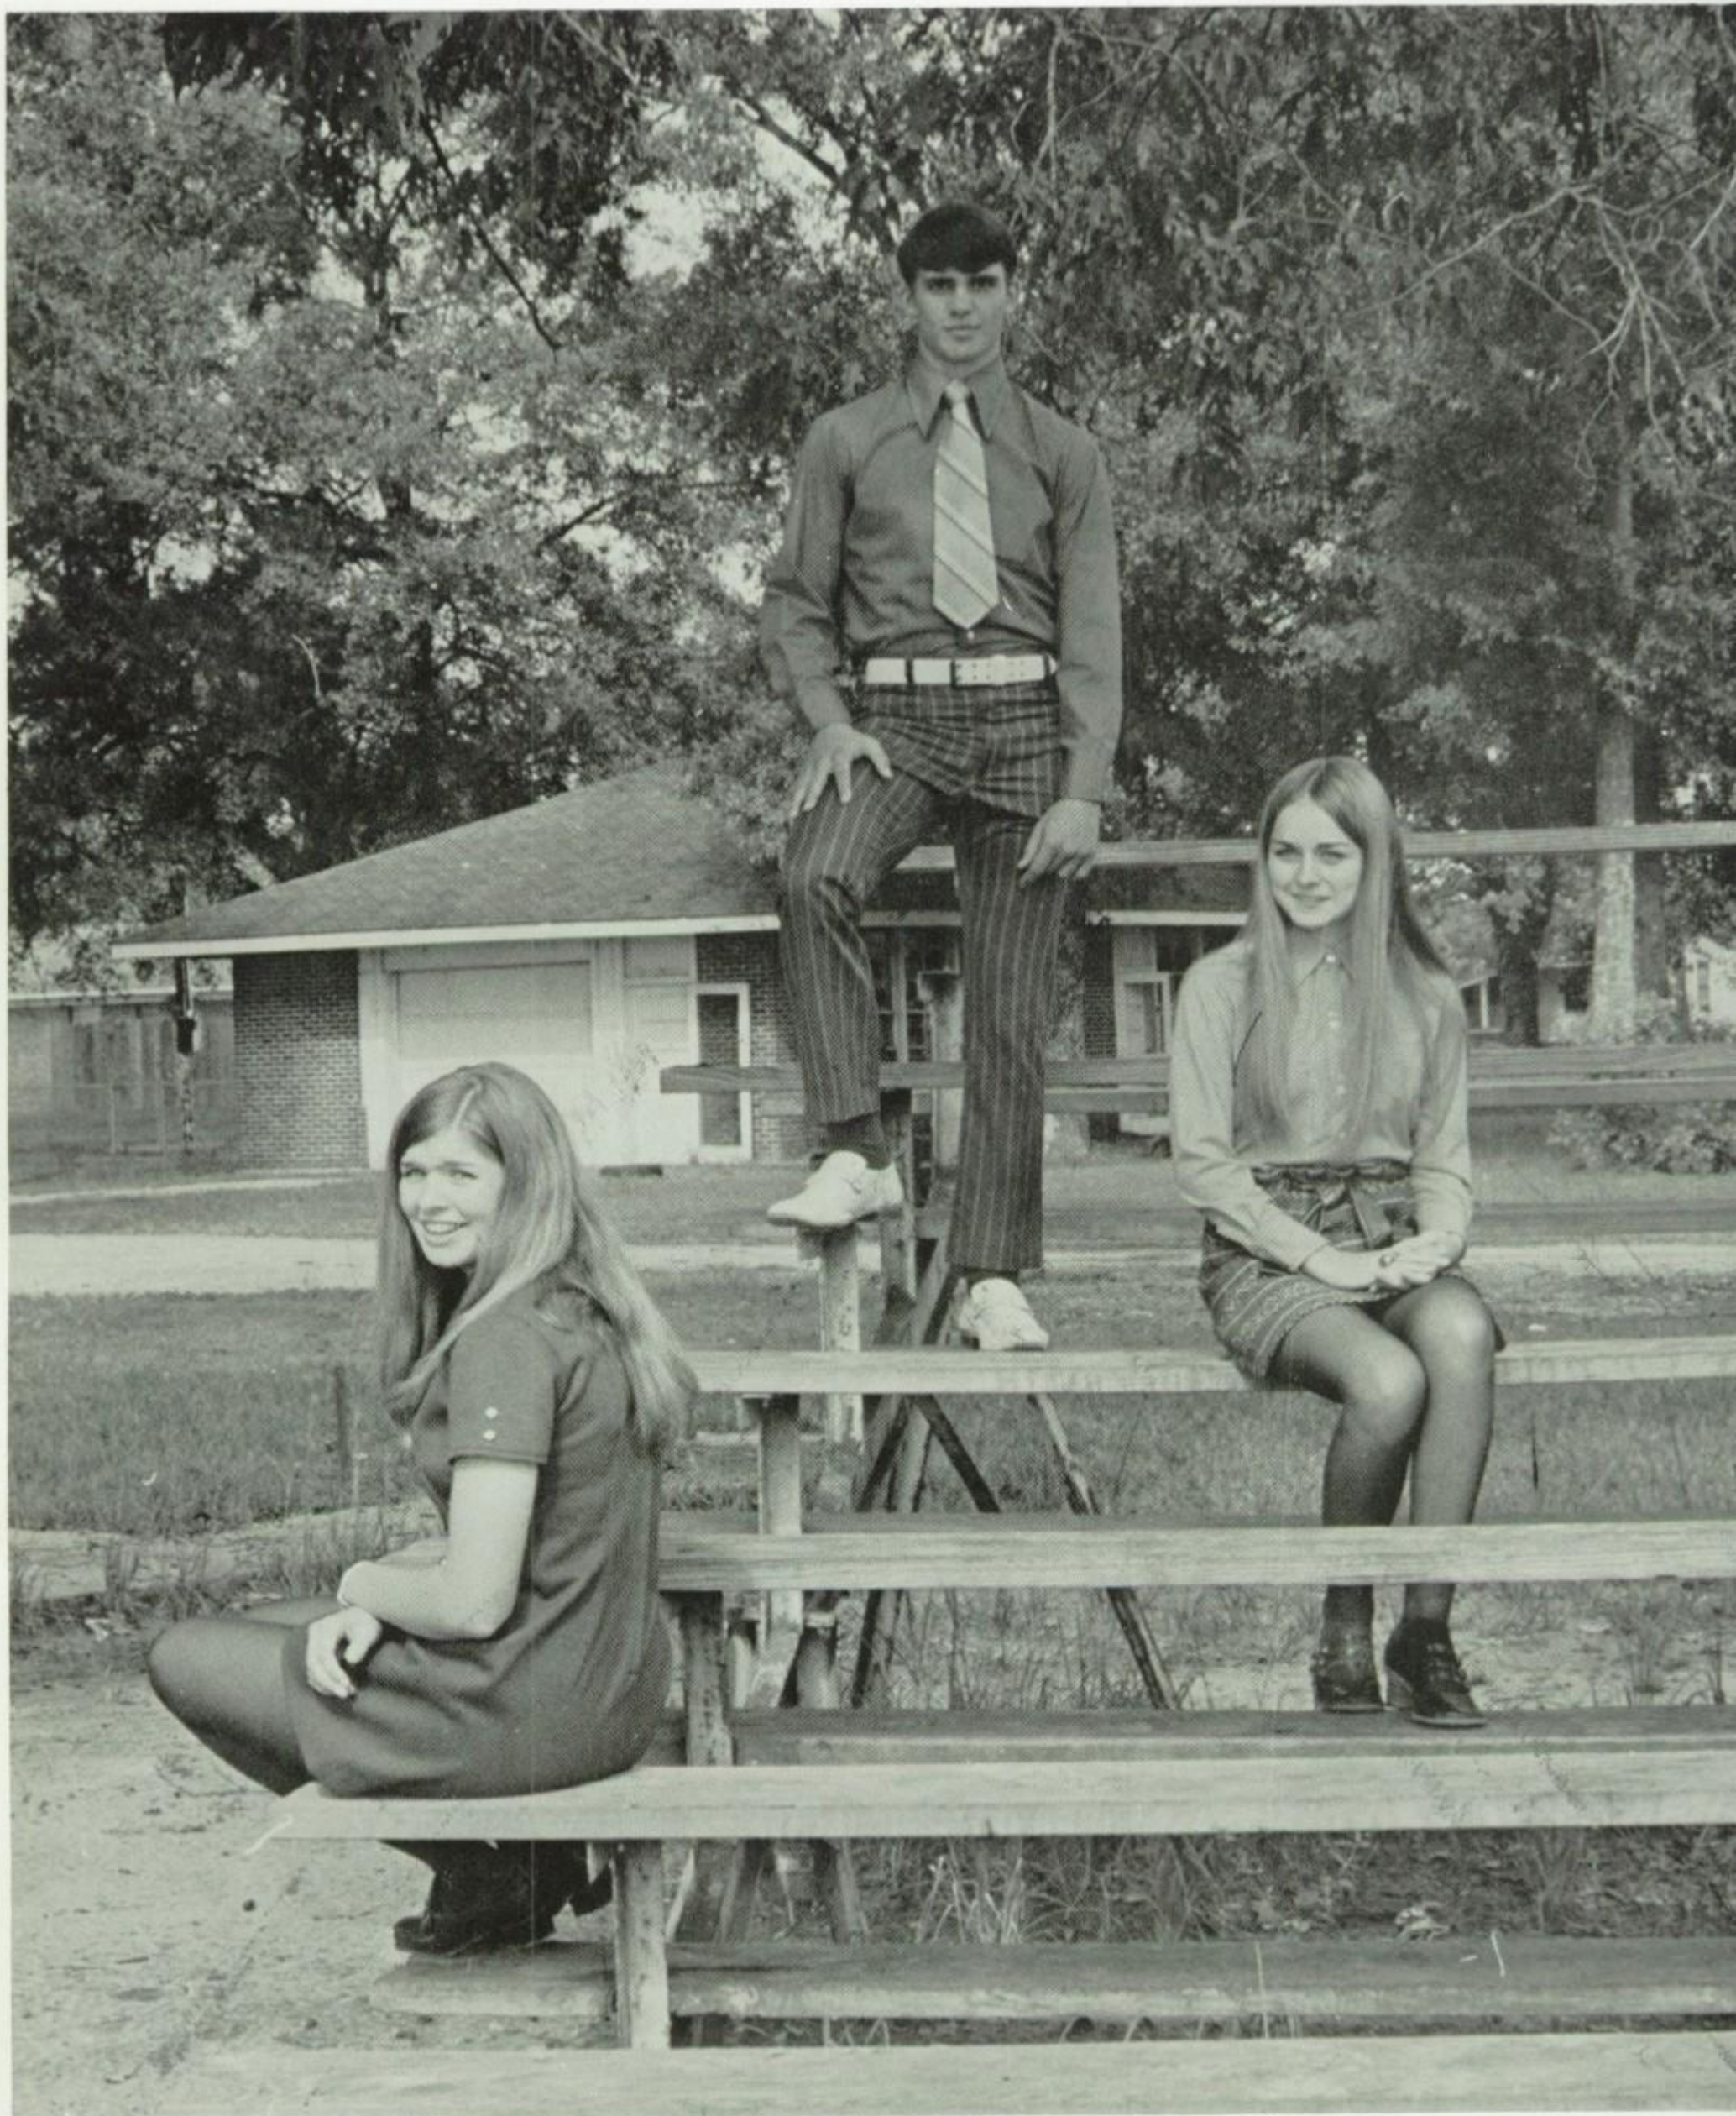

Betty truly deserves the honor of HALL OF FAME.

1970 Pirate Homecoming

Homecoming always holds memories for everyone. This year, as always, for the seniors it was one of sadness. Some were thinking ahead ten years when they will be the homecoming class. For the juniors it was a time not so much of memories as of looking forward to next year when they will be the leaders. For the sophomores it was different and exciting. It was their first year to be a real part of homecoming. These are only some of the memories of homecoming.

Why Borden is fussy ...

It takes more than a grand old name to make it big with the up-and-coming generation. That's why Borden goes beyond the minimum quality standards set by federal, state, and city regulations. In purity, freshness, and flavor, every Borden dairy food is better than it has to be. For over a century now, each generation has expected more from Borden. We see that they get it.
